Imagining Immigration

Imagine that you are going to move with your family to another country, far away. You don't know what it will be like in the new place that you are going to. You have a suitcase full of clothes that you will need in your new country, and you only have room for ten other things in your suitcase. What ten things will you bring?

1. Laptop
2. Gallon of water
3. a book
4. a coloring book
5. an ipod
6. my dog
7. my cat
8. my ID card
9. tooth paste
10. Baseball stuff

Why would you choose those things?

Because I will always want them. I need them to keep me busy and get my work done.
