Dear SUPERSTAR Schorab

I JUST FOUND OUT
 THAT I'm GOING TO
 MOVE ON MONDAY TO
 A BIG CITY CALLED NEW
 YORK.

I'm getting a tower
 to live in and I'm
 happy but I'm also
 worried that I might
 NOT have all the
 things I need like
 water to live in and
 hide in and trees to
 camoflage in and
 protection like rocks
 water mud and grass and

feeds on the food
that I need like fish
and plants at the
pond I always swim
in it every day and
here there are
no ponds that are
fresh only dirty
ones. I also worried
if I'll get eaten
by a human being.
